

School Information

Children's Creative Center is an early childhood education center that provides programs for children ages 2 to 5 years old. We are open year round from 7:00 a.m. to 6:00 p.m.

Mission Statement

The mission of Children's Creative Center is to provide a learning environment to equip each child with the knowledge, skills, and values to be a successful learner. We are committed to providing a high quality comprehensive educational program that supports the development of the whole child.

Description of Daily Program

The children learn best by hands-on experiences. Each area of the curriculum has certain materials, and activities that go with it. The teacher gives the child plenty of positive reinforcement. The teacher is flexible, and is aware of each child's interests and development levels. They are a warm and caring person who will be sensitive to the child's needs. The teacher is prepared for the activity and knows the child's ability as well as his/her limitations. The curriculum is divided into seven groups: Language Arts, Math, Science, Social Studies, Dramatic Play, Art and Music.
